

Zubehöre für Mischpult 169

Accessories for mixing console 169

Accessoires pour pupitre

de mélange 169

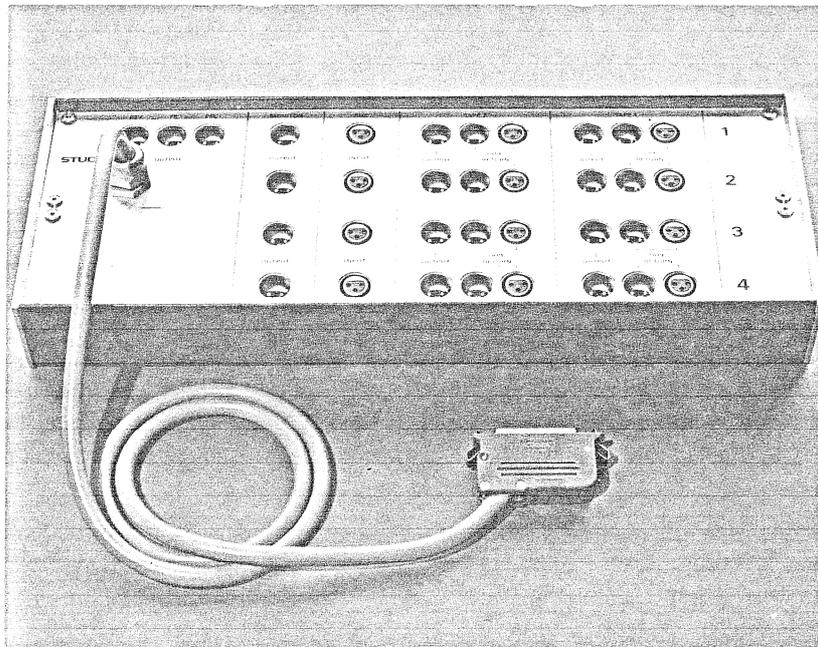

Netzgerät / Batterieladgerät 100...240V

Power supply / Battery charger 100...240V

Alimentation externe / Chargeur de batterie 100...240V

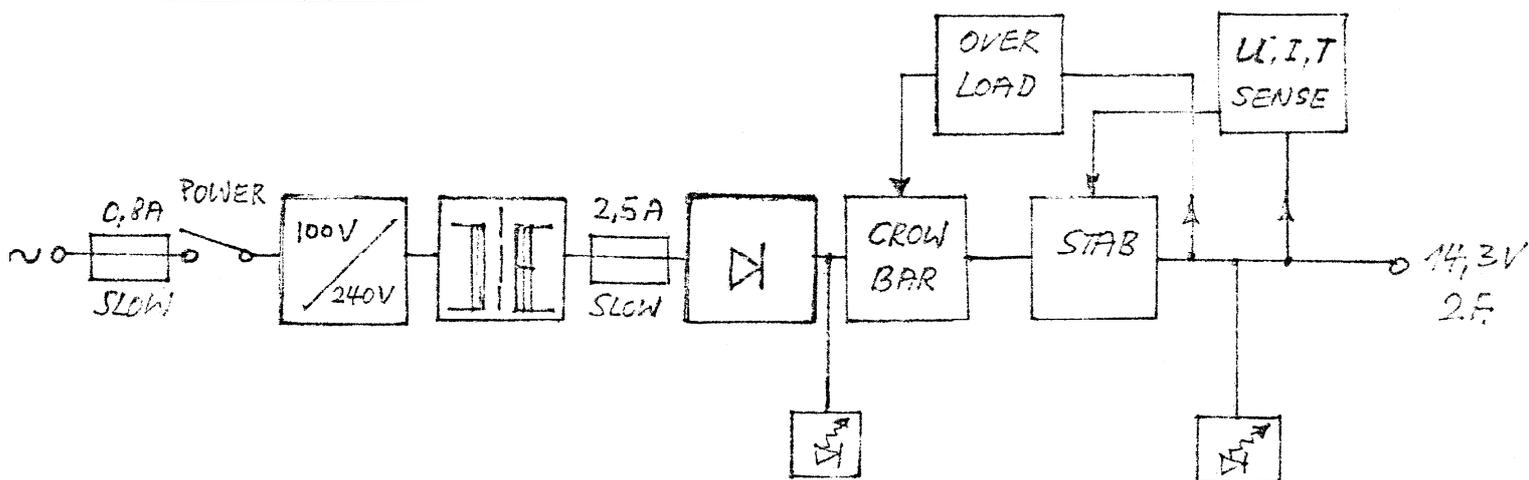

Monitor Anschlussfeld (50 Poliger Stecker),4ch

Monitor connection panel (50 pole plug) ,4ch

Panneau de connexions pour moniteur (connecteur 50 pôles),4ch

POWER SUPPLY UNIT STUDER 1.169.990

Serves as power supply for small mixing console STUDER 169. Housing with controls and Europe card module (1.169.991). Design matches Mixing Console 169. Output is fully protected (current, temperature, overload).

BLOCK DIAGRAM

Two light diodes signal the mains and output voltage. Parallel connection of output with external voltage plug by two banana plugs. The position of the switch indicates when the machine is in operation.

Technical Data:

Electrical	<u>Input</u>	
	Voltage:	$U = 100, 120, 140, 200, 220, 240 \text{ VAC} \pm 10 \%$
	Frequency:	$f = 50/60 \text{ cycles}$
	Power consumption:	$P < 55 \text{ W}, 65 \text{ VA}$
	Fuse:	$0,8 \text{ A slow}$

	<u>Output</u>	
	Voltage, stabilized:	$U = 14,3 \text{ V DC} \pm 5 \%$
	Output voltage: current:	$= 2 \text{ A}$
	Overlapping hum voltage:	$U_{Br} = 2 \text{ mV}$
	Fuse:	$2,5 \text{ A slow}$

Mechanical	Dimensions:	$143 \times 143 \times 233 \text{ mm}$ (268 mm with handle)
	Weight:	$3,3 \text{ kp}$

MONITOR CONNECTION PANEL for STUDER Mixing Console 169

Monitor Connection Panel STUDER 1.169.982 ... 985 distributes inputs and outputs of the 50-pole -monitor plug on a socket panel. The connections end with CANNON XLR plugs.

The TAPE -Inputs are required for listening. They are additionally led via parallel plugs in order to be used for other purposes as well (mix-down).

Technical Data:

Electrical: The guaranteed values of the mixing consoles will not change by connecting the panel.

Mechanical: Stereobox:

Measurements: 900 x 95 x 65 mm

Weight: 2,2 kilos

Quadrobox:

Dimensions: 900 x 185 x 65 mm

Weight: 3,7 kilos

Box consists of colourless eloxadized aluminium tin with black print. Bottom plate coated with dark grey synthetic material.

Length of Connection Cable: 1,5 m

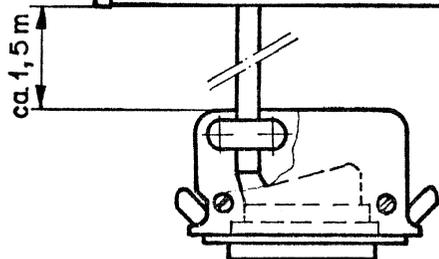

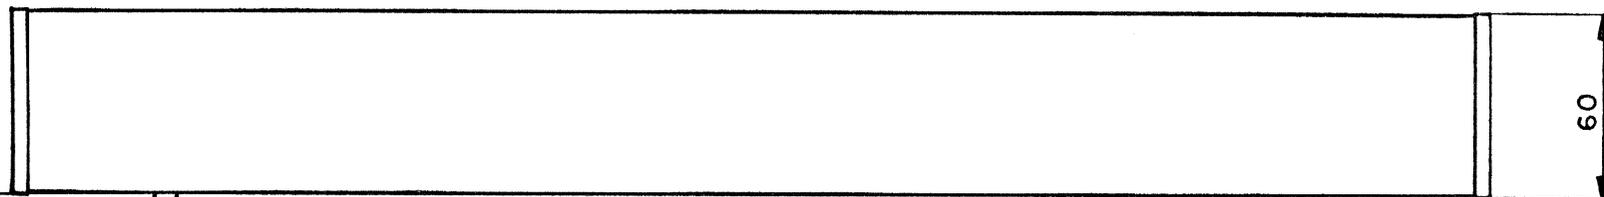

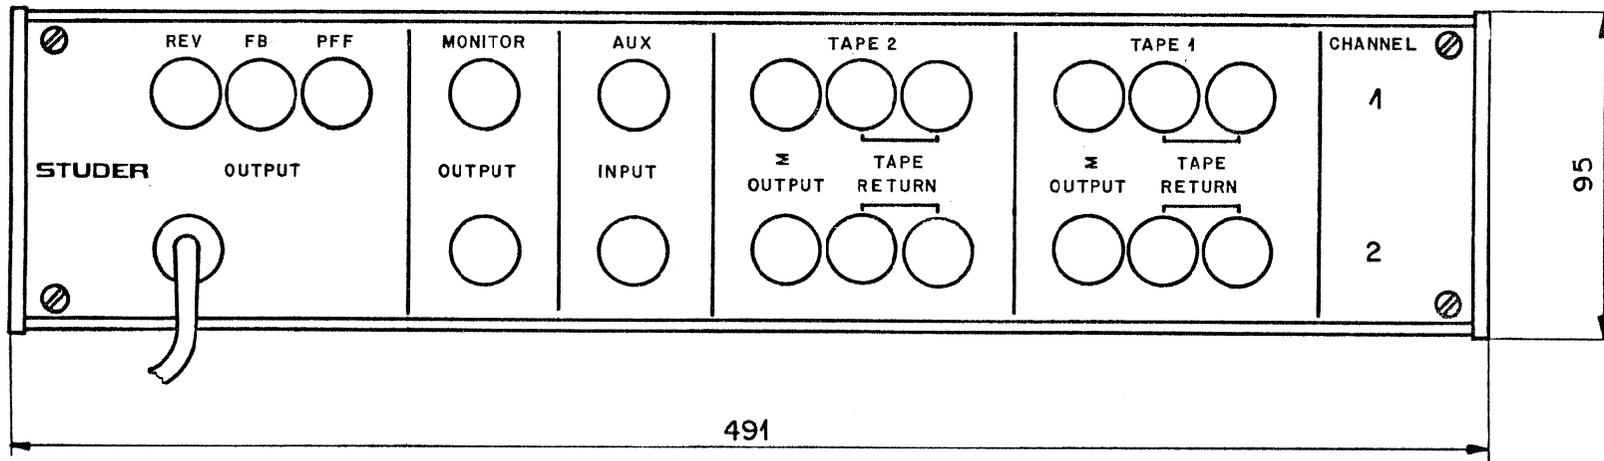

ORDER CODE:

Stereo (Mono)	2 CH EU	1.169.982
	2 CH US	1.169.983

For a Mono Mixing Console, channel 1 of the stereo version can be used.

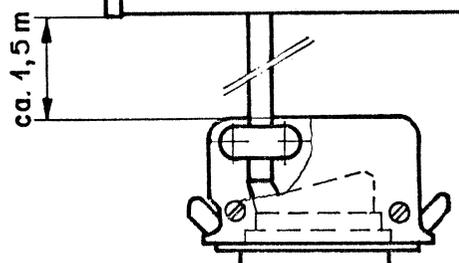

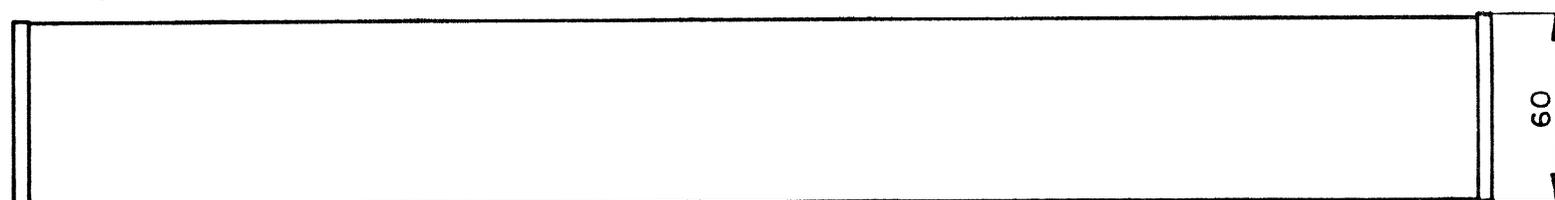

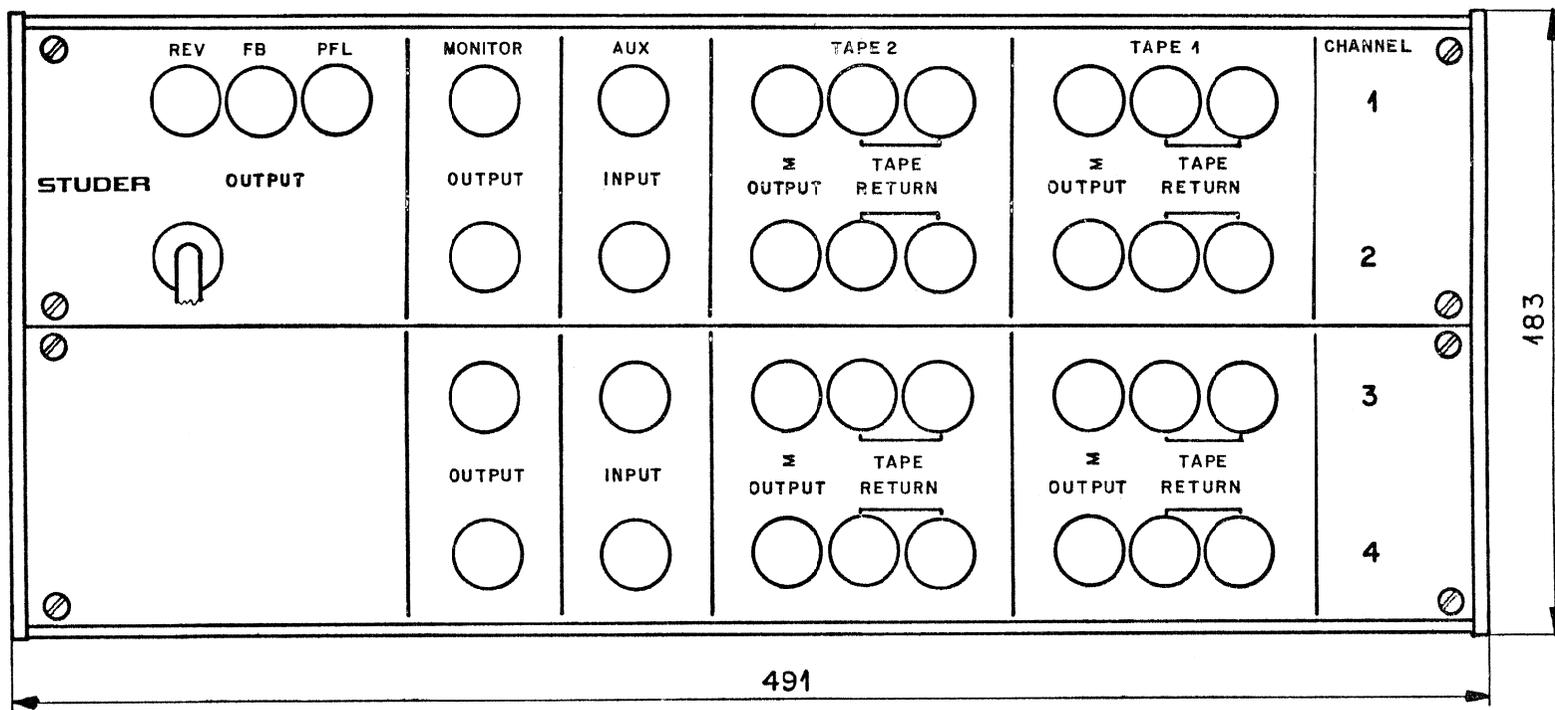

Quadro	4 CH EU	1.160.984
	4 CH US	1.169.985

Channel 1...3 of the Quadro Version can be used for a 3-channel console.
