Bearmach

Welcome to this edition of the Bearmach catalogue of parts suitable for all Land Rovers – we hope you like it.

Why Choose Bearmach?

QUALITY IN DESIGN

Bearmach innovation has led to a programme of product development that would ensure the 'work horse' image of Land Rover would become a desirable leisure vehicle.

COMPETITIVE QUALITY

Bearmach's aggressive pricing policy is coupled with a focus on supplying top quality parts, ensuring that owners pay less for replacement, Genuine & OEM parts.

INNOVATIVE APPROACH

By applying different manufacturing techniques to older parts, with inherent faults, Bearmach can design for more durability and a longer life span.

GENUINE, OEM & BRANDED PARTS

Apart from this range of parts and accessories Bearmach also supply replacement, branded, OEM and genuine parts suitable for Land Rover anywhere in the World.

At Bearmach we have been dedicated to this unique marque since 1958 and over the past 50 years have led the field in manufacturing techniques, use of superior materials and in supplying quality, low cost spares.

Series 2A & 3

Deluxe Rear Lamp Guard

Slatted steel welded on edge to square frame. Finished in black nylon. Fixed by special bracket fixing on to bodywork. Matches style of BA 012

BA 012A Pair Series 3

Rear Lamp Guards

Matching style of BA 012

BA 012B Set of 4 (late) Series 3

Front Lamp Guards

Slatted steel on edge to square frame. Finished in black nylon. Fixed by special bracket fixing on to lamp bezel. Will fit all models with headlights in wing.

BA 012 Pair Series 3

Rear Lamp Guards (HCPU)

To fit high capacity pick up Matching style of BA 012

BA 012C Pair Series 3

Front Lamp Guard

Manufactured in welded 1" (25mm) wire mesh with zinc plated finish. Fixed with self tapping screws or bolts. Will fit all models with headlights in wing. (Image shows product in black, actual specification same as BR 1645 opposite)

BR 1634 Single Series 3

Rear Lamp Guard

Manufactured in welded 1" (25mm) wire mesh with zinc plated finish. Fixed with self tapping screws or bolts to bodywork.

BR 1645

Single

Series 3

Plastic Wheel Arch

ABS plastic wheel arch set. Will not fit station wagon type vehicles, suitable for short wheel base only.

BA 019

Set

Series 3

Spare Wheel Carrier

Sturdily mounted to the chassis to ensure minimum strain on rear door and hinges. Opens with rear door and can be used with our bumperettes.

BA 132

Hard top vehicles

Series 3

Spare Wheel Carrier

Suitable for drop down/side opening tailgates, swingaway type.

BA 132B

Soft top vehicles

Series 3

Folding Side Step

A sturdy built step with convenient spring loaded action to help raise and lower the step.

BR 1456

Series 2a/3

Fixed Rear Step

Made from heavy gauge steel and bar, then plated to give an extra durable finish. No drilling required, bolts directly onto crossmember and can be used in conjunction with all towing attachments. (Drop plate not included)

BA 172

Series 3

Side Mouldings

No drilling required, provides excellent protection for your door and vehicle side.

BA 0202

88/90

BA 0202A

109/110

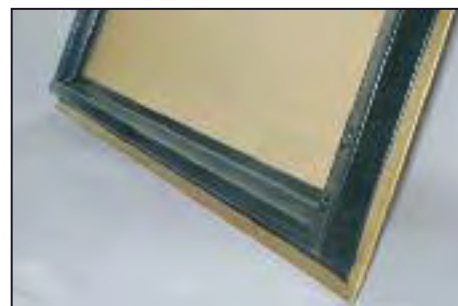

Door Repair Channel

This channel is the part of the frame that is prone to rust. Weld this channel in place (instead of replacing the whole frame) and you have a secure door skin as good as new.

BA 2053

Series 3

Bumperettes

Steel folded section construction with sturdy brackets. Black nylon coated. Bolts directly in place of the existing grab handles and affords good protection. (4.5Kgs)

BA 090

Series 2/2a/3

Tubular Bumperettes

Heavy duty 1" tube construction complete with brackets. Bolts directly in place of the existing grab handles and affords good protection. (Must use jack extension piece when using standard vehicle jack. Will not fit with spare wheel carrier BA 132)

BA 090G

Galvanised

Series 2/2a/3

Tubular Bumperettes

Heavy duty 1" tube construction complete with brackets. Bolts directly in place of the existing grab handles and affords good protection. (Must use jack extension piece when using standard vehicle jack. Will not fit with spare wheel carrier BA 132)

BA 090S Stainless Steel Series 2/2a/3

Tubular Bumperettes

Heavy duty 1" tube construction complete with brackets. Bolts directly in place of the existing grab handles and affords good protection. (Must use jack extension piece when using standard vehicle jack. Will not fit with spare wheel carrier BA 132)

BA 090T Black Nylon Series 2/2a/3

Heavy Duty Bumperettes

Made from heavy gauge steel and powder coated for durability. Drilling required to crossmember.

RRC2970 RH Series 2/3
RRC2971 LH Series 2/3

Heavy Duty Bumperettes

These are very practical and give your vehicle a very individual look. Now with extra chequer-plate tread.

BA 290 Black powder coated Series 3

Heavy Duty Bumperettes

These are very practical and give your vehicle a very individual look. Now with extra chequer-plate tread.

BA 290G Galvanised Series 3

Plain Mirror

- | | | |
|-----------------|--------------------|----------|
| BA 071 | 7"x5" (178x127mm) | Series 3 |
| BA 072 | 10"x7" (254x178mm) | Series 3 |
| BR 1918R | E-Marked | Series 3 |
- Will fit Series 3 vehicles with Defender arm conversion.

Unbreakable Mirror

These mirrors are awesome! We drove a Defender 90 over the mirror and it did not break, even the casing remained intact. Ideal for off road.

- | | | |
|------------------|--------|----------|
| BR 1914U | | Series 3 |

| BA 181 | Pair (as OEM) | 88"/90" |
| BA 182A | Pair (as OEM) | 109" |

Exterior Sun Visor Kit

Aluminium folded visor with steel plated brackets. Supplied as a complete kit ready for installation, all fixtures and fittings plated. Visor supplied in bright finish, Suitable for spraying to match colour of vehicle.

- | | | |
|---------------|--|---------------|
| BA 131 | | Series 2/2a/3 |
|---------------|--|---------------|

Rear Mudflaps

Made from flexible, hi-density rubber (fittings not included)

- | | | |
|----------------|------|-------------|
| BR 0204 | Pair | Series 2a/3 |
|----------------|------|-------------|

Front Mudflaps

Made from flexible, hi-density rubber (fittings not included)

BR 1015

Pair

Series 2a/3

Wingtop Strengthener

Made from 2mm aluminium chequer plate. Not only do these enhance the appearance of your vehicle but also allow you to step on the wing to gain access to the roof rack.

BA 113A

No vent hole

Series 3

BA 113C

No vent hole (Black finish)

Series 3

BA 108

Short

Series 3

BA 108A

Short (Black finish)

Series 3

Rear Wing Protector

Made from 2mm aluminium chequer plate, these protect the lower part of the rear wing from stone and gravel. Ideal finishing touch and as fitted to Limited Edition models.

BA 124A

Series 2a/3 88"

Sill Guard

Made from 2mm aluminium chequer plate, these protect the sills from scuffing while entering or leaving the vehicle, as well as stone chips and light off-road damage. Ideal finishing touch, and as fitted to Limited Edition vehicles.

BA 126A

88"

BA 127A

109"

Diff Guard

Easy to fit, applicable to all models with standard axles, zinc plated for corrosion resistance, no drilling required.

BA 121

Series 3

Roll Bar

Standard roll bar (body mounted) bolted onto cappings. Manufactured in 2" (50mm) diameter tubular steel with 3.2mm wall thickness. MIG welded with heavy mounting plates. (Not A.R.C) Will also fit vehicle with standard canvas hood. Supplied unpainted.

BA 2005

Standard

Series 3

Wading Kit

Consists of breather pipes for axles

BA 2169

Series 2/2a/3

Roof Rack with Foldaway ladder

This roof rack with fold away ladder is both stylish and functional. The rack is of very sturdy construction and is black polyester coated. It is easily fitted to the gutters using the fixings provided. The ladder folds down from the rear for easy access and folds back up to remain unobtrusive when not in use. Will fit all models, clears sun roofs and tropical roofs on Series vehicles.

Note: The ladder mounts on the left side not the right as shown in the images.

BA 123

Series 3

BA 123A

Extension for fitment to LWB

Series 3

Heavy Duty Ladder Racks

Can double as ski or bike racks with a simple attachment,

BA 3100

Pair Heavy Duty

Series 3

BA 043

Pair Standard

Series 3

One Piece Roof Rack

Manufactured from 3/4" box section steel. Jig welded and with a Galvanised finish. Clamp on gutter fixings. (Weight 26Kgs 88")

BA 007A

(Weight 26Kgs 88")

88"

BA 008A

109"

Flat Pack Roof Rack

Same appearance and manufacture as BA 007/8A but arrives flat pack for self assembly.

| | | |
|---------------|--|------|
| BA 007 | | 88" |
| BA 008 | | 109" |

Optional Ladder

Optional ladder for above roof racks, similar construction as the roof racks and is easily fitted to the back of the vehicle allowing easier access to lift loads to the roof rack. It is fitted to the left of the rear door.

| | | |
|---------------|----------------------|-----|
| BA 010 | Suits BA 007/8/7A/8A | All |
|---------------|----------------------|-----|

Towing Plate

Heavy duty construction and zinc coated to keep them looking good. Available as fixed or adjustable and will accept our 50mm towball or universal coupling (Towball not included)

| | | |
|-----------------|----------------|---------|
| BR 1233 | Standard fixed | 88/109" |
| BR 1233L | Long fixed | 88/109" |

Adjustable Tow Hitch

Sturdily constructed adjustable tow hitch. Can be adjusted to five different heights. (Tow ball not included)

| | |
|---------------|-------------|
| BA 190 | Series 2a/3 |
|---------------|-------------|

Front Tow Hitch

Quick fit tow hitch, fits in seconds. Simply slip over the front bumper of your vehicle and tighten the two wing nut bolts for instant towing capabilities. (Tow ball not included)

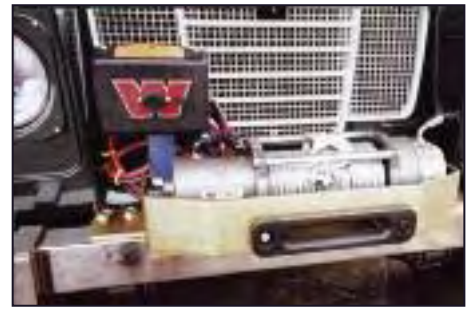

| | | |
|----------------|-----------|----------|
| BA 3107 | Removable | Series 3 |
|----------------|-----------|----------|

Winch Plate

Requires drilling for fitment to Series vehicles.
Will take 6,000lb, 8,000lb or 9,500lb T-Max winches.

BA 2028

Series 3

Winch Plate

Chassis mounted winch plate to suit T-Max winches 11,000lbs and up.
Requires drilling for fitment to Series vehicles.

BA 2028A

Series 3

Parabolic Springs Pair

Please specify your exact vehicle requirements when ordering. Supplied with all "u" bolts.

- | | | |

| BA 2113 | Front (20mm 2 Leaves) | Series 2/2a/3 88" and 109" |
| BA 2114 | Rear (30mm 3 Leaves) | Series 2/2a/3 88" and 109" |
| BA 2115 | Rear (40mm SWB-30mm LWB) | Series 2/2a/3 88" and 109" |

Polyurethane Bush

The fitment of Bearmach Polyurethane Bushes has been developed to give more positive location at pivot or fulcrum points. These suspension components are particularly recommended if you regularly tow or carry heavy loads. These bushes have a high capacity to bear tension and compression and have been tested at temperatures from -100°C to + 100°C. They are resistant to deterioration and swelling caused by oil, grease or chemicals. Shock bushes not included.

- | | | |

Composite Head Gasket

BR 3178C

V8 3.5

Series

Performance Flywheel

These lightweight performance flywheels come balanced and ready to fit to your tuned V8 engine. Uses 9.5" clutch.

BA 2031

V8

Series

Heavy Duty Clutch Release Bearing

The heavy duty metal sleeved clutch bearing uses the older specification clutch bearing and a metal sleeve to provide increased durability

BR 2295M

Metal

Series

Camshaft

Designed to increase engine power.

BA 2186

To suit 3.5/3.9 (+18-22BHP)

Series

Performance Crankshaft Drive Train Kit

Consists of forged cam gear, crank gear and heavy duty timing chain. (Does not include Camshaft)

BA 2179

To suit 3.5/3.9

Series

Weber Carburettor

A complete kit to replace Zenith carburettor. Solex carburettors require additional adaptor piece. If your after a bit more economy, but still with performance, this is the carburettor for you. (STC541 Adaptor)

BR 2238W

Series 2¼ Engine

Twin Choke Performance Carburettor

A Twin choke performance carburettor kit for Land Rover 2¼ltr Engines - The kit is fitted with Webcon's new Sync Link kit allowing synchronous opening of the Weber 32/36 DGV throttle butterflies.

This greatly enhances low speed driveability and torque, essential for off road driving. This kit will fit all engines fitted with a tubular exhaust manifold. If the original exhaust manifold is still fitted, a simple 4 hole blanking plate will need to be fabricated to block the aperture left when the OE intake manifold is removed. Includes inlet manifold.

BR 2230

Series

Distributor Waterproofing Kit

Everything you need to protect the distributor from damp conditions. Includes boots for coil and distributor.

BA 2840

Series V8

Stainless Steel Braided Brake Hose Kit

Braided hoses are available to replace the standard rubber flexible hoses and offer a more durable alternative. TUV approved.

| | | |
|-----------------|--------------------------|----------------------|
| BA 157 | 3 Hoses | Series 2a 88"/109" |
| BA 157A | 3 Hoses | Series 3 (upto 1980) |
| BA 157L | 3 Hoses +50mm Extra Long | Series 2a |
| BA 157AL | 3 Hoses +50mm Extra Long | Series 3 (upto 1980) |

Detroit Locker Rover Diff 10 Spline (inc Carrier)

The Detroit Locker is a fully automatic locking traction differential that is well known for premium performance and dependable operation. Preload devices between the side gears deliver 100% torque and power to both drive wheels yet unlock automatically to permit necessary wheel speed differentiation. The Detroit Locker is trouble-free as it does not require service adjustments or special lubricants. Easy to install, no special tools or case modifications required. One year Limited Warranty.

BA 207

Series

ARB Air Locker to suit Rover Differential 10 Spline.

A manually lockable differential which is operated at the driver's discretion by the push of a button. Locking and unlocking of the "diff" is extremely rapid and can be achieved at any vehicle speed. Installation involves bolt in replacement of the original equipment differential centre, an air compressor and in-vehicle switch. Can be fitted to both front and rear axles without compromising on road performance. Note: All A.R.B. Diff Lockers require a compressor which is available seperately, order ref - BA 215

BA 205

Series

Diff Lock Spacer Ring

Required to allow fitment of above Diff Locks on vehicles with a 4:7:1 ratio diffs. Includes extended bolts to suit relevant vehicles.

BA 205S

Series

Imperial Ring

Required to allow fitment of above Diff Locks on vehicles with a 4:7:1 ratio diffs. Includes extended bolts to suit relevant vehicles.

BA 2051R

Series

TrueTrac Diff Locker

This unit features a gear-type limited slip design (no clutch or friction plates to wear out). Its positive gear action automatically splits the torque with none of the steering problems associated with other traction "diffs". Power transfer is so smooth that it is unnoticeable through the steering wheel when fitted in front drive steering axles. It performs as a standard differential on normal highway driving - then automatically engages when needed in wet, muddy or icy conditions.

BA 209

Rover Differential 10 Spline Rear

Series

BA 209F

Rover Differential 10 Spline Front

Series

Free Wheeling Hubs Pair

Ideal economy measure when four wheel drive is not required, saves wear and tear on front axle.

BR 1272

10 Spline

Series 2a

BR 1273

24 Spline

Series 3

Lumenition Kits

Do away with the points and replace with breakerless ignition system for increased efficiency and accurate tuning.

Mallory Unilite Distributor

Accurate timing that's maintenance free. These Mallory Unilite distributors give you accurate, maintenance free ignition timing. Instead of old-fashioned points systems, they have photo-optic LED triggering systems that never vary or wear out. You get increased RPM potential, improved combustion, longer spark plug life, and better cold-weather starting. Hooking one up is a simple 3-wire connection, and they come with your choice of adjustable mechanical and/or vacuum advance, self-lubricating bushings, and a Super-Duty cap and rotor. (Mallory Distributor Ballast should be fitted with distributor)

Carburettor and Induction Manifold Conversion For Rover 3.5 V8

Suitable for Rover V8 vehicles equipped with S.U. Or Stromberg carburettors from 1970-1987. This kit features Weber 4 barrel downdraught carburettors and dual plane induction manifold. The conversion has been developed for improved engine torque and fuel economy. Although calibrated for Range Rover 3.5 models, it is also suitable for many other Rover V8 applications, and for those wishing to carry out engine tuning modifications. For applications other than Range Rover 3.5 models, calibration changes/adjustments may be necessary.

This conversion can be carried out by a competent D.I.Y. mechanic (with basic tool kit), and comes complete with detailed fitting instructions, covering various models.

The kit comprises of:

Carburettor; Manifold; Air Filter; Throttle linkage*; Fuel line connections/Fuel Filter; Engine breather/pulse air system; Hose connections; All necessary gaskets, seals and fixtures.

*Automatic transmission vehicles will require supplementary kick down linkage kit - Part Number BR 2236A.

Automatic transmission vehicles will require this supplementary kick down linkage kit.

| BR 2236F | Replacement Air Filter | Defender |

Twin Choke Performance Carburettor

The kit is fitted with Webcon's new Sync Link kit allowing synchronous opening of the Weber 32/36 DGV throttle butterflies. This greatly enhances low speed driveability and torque, essential for off road driving. This kit will fit all engines fitted with a tubular exhaust manifold. If the original exhaust manifold is still fitted, a simple 4 hole blanking plate will need to be fabricated to block the aperture left when the OE intake manifold is removed. A Twin choke performance carburettor kit for Land Rover 2 1/4ltr Engines - Synchronous opening of the Weber 32/36 DGV throttle butterflies - Enhances low speed driveability and torque - Fits all engines with a tubular exhaust manifold - Includes manifold.

Detroit Locker (inc Carrier)*

The Detroit Locker is a fully automatic locking traction differential that is well known for premium performance and dependable operation. Preload devices between the side gears deliver 100% torque and power to both drive wheels yet unlock automatically to permit necessary wheel speed differentiation. The Detroit Locker is trouble-free as it does not require service adjustments or special lubricants. Easy to install, no special tools or case modifications required. One year Limited Warranty. (*Please specify spline type when ordering)

| BA 207A | Rover Diff - 24 Spline | Defender |
| BA 208 | Salisbury Diff. No Spin, replaces Sun Gears* | Defender |

TrueTrac Diff Locker

This unit features a gear-type limited slip design (no clutch or friction plates to wear out). Its positive gear action automatically splits the torque with none of the steering problems associated with other traction "difs". Power transfer is so smooth that it is unnoticeable through the steering wheel when fitted in front drive steering axles. It performs as a standard differential on normal highway driving - then automatically engages when needed in wet, muddy or icy conditions.

ARB Air Locker to suit Rover Differential

A manually lockable differential which is operated at the driver's discretion by the push of a button. Locking and unlocking of the "diff" is extremely rapid and can be achieved at any vehicle speed. Installation involves a bolt in replacement of the original equipment differential centre, an air compressor and in-vehicle switch. Can be fitted to both front and rear axles without compromising on road performance.

*Please Specify Spline type when ordering .

Note: All A.R.B. Diff Lockers require compressor which is available separately, order ref-BA 215

Discovery

Bumper with Intergrated Winch Mount

Made from 6mm steel folded plate and polyester coated. No drilling or modification required other than the removal of the front spoiler. The integrated bumper is fully compatible with the Bearmach aluminium sump guard (BA 083A).
 Suitable for the following winches.
 Warn 6/8000 "M" and "MX" series. - XD9000
 Superwinch X6 and X9
 All T-Max Range
 (Not Come-up, and does not suit the Husky winch)

BA 175

Discovery (1989-1998)

Winch Plate

Chassis mounted winch plate, will take 6,000 or 8,000lb Warn and T-Max 6000-9000lb EW. Auto oil cooler may need to be relocated. Fits discreetly and with minimum cutting of spoiler required.

BA 2144

Chassis Mounted

Discovery (89-98)

Front Lamp Guards

Made of steel and nylon coated. All brackets are nylon coated all bolts are stainless. The front light guards incorporate a power wash cut out designed to ensure the vehicles headlamp washers are not impeded. Units can be removed for easy cleaning of headlights. No drilling required.

BA 104

Pair

Discovery (1989-1998)

Rear Lamp Guards

Made from mild steel with a durable, powder coated finish, these rear lamp units fix without drilling, as the brackets slip behind the lamp units.

BA 105

Pair

Discovery

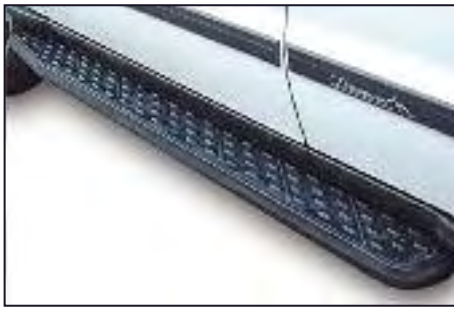

Side Step with Aluminium Tread

Steel frame construction, galvanised coating with aluminium tread plate and rubber edge moulding. Easy to install as it picks up on body mounting bolts in the chassis, and it is only necessary to drill two further holes on each side step to ensure you have a very solid chassis mounted side step.

BA 092

Discovery

Side Step with Rubber Tread

Galvanised steel frame construction with a dimpled, moulded rubber tread inset. Also has rubber edge moulding. Easy to install as it picks up on body mounting bolts in the chassis, and two holes drilled through the outrigger.

BA 100

Discovery

Wheel Arch Extension

Fibreglass wheel arch extensions available with or without notches cut out to accommodate the rubbing strips. Supplied in black but can easily be sprayed to match vehicle colour. (Image shows similar product fitted to a Range Rover)

Mallory Unilite Distributor

Accurate timing that's maintenance free. These Mallory Unilite distributors give you accurate, maintenance free ignition timing. Instead of old-fashioned points systems, they have photo-optic LED triggering systems that never vary or wear out. You get increased RPM potential, improved combustion, longer spark plug life, and better cold-weather starting. Hooking one up is a simple 3-wire connection, and they come with your choice of adjustable mechanical and/or vacuum advance, self-lubricating bushings, and a Super-Duty cap and rotor. (Mallory Distributor Ballast should be fitted with distributor)

Carburettor and Induction Manifold Conversion For Rover 3.5 V8

Suitable for Rover V8 vehicles equipped with S.U. Or Stromberg carburettors from 1970-1987. This kit features Weber 4 barrel downdraught carburettors and dual plane induction manifold. The conversion has been developed for improved engine torque and fuel economy.

Although calibrated for Range Rover 3.5 models, it is also suitable for many other Rover V8 applications, and for those wishing to carry out engine tuning modifications.

For applications other than Range Rover 3.5 models, calibration changes/adjustments may be necessary.

This conversion can be carried out by a competent D.I.Y. mechanic (with basic tool kit), and comes complete with detailed fitting instructions, covering various models.

The kit comprises of:

Carburettor; Manifold; Air Filter; Throttle linkage*; Fuel line connections/Fuel Filter; Engine breather/pulse air system; Hose connections; All necessary gaskets, seals and fixtures.

*Automatic transmission vehicles will require supplementary kick down linkage kit - Part Number BR 2236A.

Detroit Diff Locker - Rover Differential

The Detroit Locker is a fully automatic locking traction differential that is well known for premium performance and dependable operation. Preload devices between the side gears deliver 100% torque and power to both drive wheels yet unlock automatically to permit necessary wheel speed differentiation.

The Detroit Locker is trouble-free as it does not require service adjustments or special lubricants. Easy to install, no special tools or case modifications required. One year Limited Warranty. (*Please specify spline type when ordering)

| | | |
|----------------|-------------------------|-----------|
| BA 207 | 10 Spline - Inc carrier | Discovery |
| BA 207A | 24 Spline - Inc carrier | Discovery |

Detroit True Trac - Rover Differential

This unit features a gear-type limited slip design (no clutch or friction plates to wear out). Its positive gear action automatically splits the torque with none of the steering problems associated with other traction "diffs".

Power transfer is so smooth that it is unnoticeable through the steering wheel when fitted in front drive steering axles. It performs as a standard differential on normal highway driving - then automatically engages when needed in wet, muddy or icy conditions.

HEAVY DUTY TRANSMISSION

| VEHICLE SPECIFICATION | CV JOINT | FRONT SHAFT | REAR SHAFT | DRIVE FLANGE (FRONT) | DRIVE FLANGE (REAR) |
|--|----------|-------------|------------|----------------------|---------------------|
| Without ABS - upto VIN JA032850 (see note 3) | BA 5764 | BA 5752 | BA 5750 | *5806/M | *5806/M |
| With ABS - from VIN JA032851 (see note 2) | BA 5760 | BA 5752 | BA 5758 | FTC859A | FTC859A |

Note 2: Our CV joints can only be fitted with our or other 23 spline shafts. If your rear shafts have integral flanges it will be necessary for you to fit other flanges.

Note 3: To fit our CV joints you will need to purchase modified stub axles (part no.Mod stubs) & you will need our 5806/M to fit.

* - Special Order parts.

Discovery 2

Soft Plastic Bar (OEM)

These bars are as fitted as original equipment. They offer robust vehicle protection as they are a steel frame construction covered in a thick rubber coat to absorb impact. More pedestrian friendly than other bars.

| | | |
|-----------------|----------|-----------------------|
| STC53174 | A Bar | Discovery 2 (03MY on) |
| STC53173 | Full Bar | Discovery 2 (03MY on) |

Bumper with Integrated Winch Mount

Made from 6mm folded steel and powder coated for a durable finish. Designed specifically for the Discovery 2 this winch bumper is extremely strong yet stylish. Front foglights need to be removed or re-positioned to fit bumper.

| | |
|---------------|-----------------------|
| BA 199 | Discovery 2 (99-04MY) |
|---------------|-----------------------|

Discreet Winch Plate

Zinc plated finish, accepts Warn 6000/8000 or XD9000 winches and T-Max 6000-9000 EW Auto oil cooler may need to be relocated. No drilling required but requires removal of wire mesh in spoiler and some cutting of spoiler.

| | |
|---------------|-----------------------|
| BA 176 | Discovery 2 (99-04MY) |

Spot Lamp Bar

Supplied as original equipment - so you can be assured of their quality and design.

STC50243

Black Nylon Coated

Discovery 2

Side Step with Mudflaps

A very practical sidestep, with rubber tread and with a moulded mudflap integrated into the step at the rear. A high quality original equipment item.

STC50030

Discovery 2

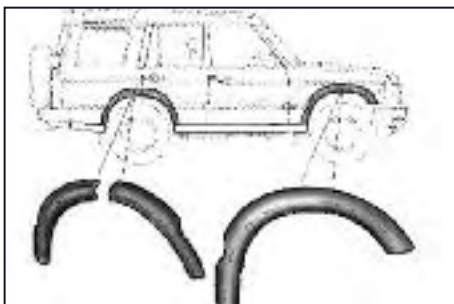

Side Step with Integral Mud Flap

These OEM side steps are easily fitted. Manufactured in stainless steel these side steps have the added advantage of an integral front mud guard to make it a practical and aesthetic addition to your vehicle

STC50032

Discovery 2

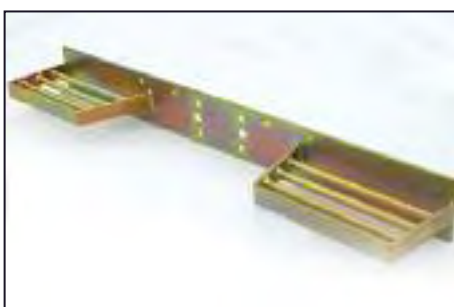

Wheel Arch Kit

These wheel arch extensions are ideal when fitting wheels and tyres which are wider than the bodywork. They fit with any existing side mouldings and are manufactured in high density plastic. No drilling required - supplied as an OE fit.

BA 2069

Discovery 2

Rear Step

Made from heavy gauge steel and bar, zinc plated and yellowed to give an extra durable finish. No drilling required, bolts directly onto crossmember and can be used on most vehicles with tow bars. A very functional accessory.

BA 172

Discovery 2

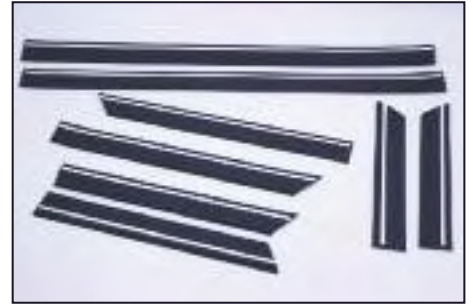

Side Moulding

No drilling required. Attractive and functional helping to protect and enhance your vehicle.

BA 2054

3/5 Door

Discovery 2

Perspex Weather Shields

Made from perspex, easily fitted help stop rain penetration when on the move. Reduces draughts yet still allows good ventilation. (Image shows similar product fitted to Freelander).

Front (Pair)

Discovery 2

BA 2087A

Rear (Pair)

Discovery 2

Diff Guard

Made from 5mm steel and finished in zinc and yellowed to resist corrosion, this HD diff guard wraps entirely around the diff giving maximum protection. Fits front and rear of all Discoverys up to 2005.

BA 125

Not LHD

Discovery 2

Diff Guard

Zinc plated, easy to fit, bolt on, no welding or drilling required.

BA 121A

Front

Discovery 2

Steering and Drag Link Protector

6mm thick, very high grade, aluminium front steering and drag link protector. Easy to fit, no drilling required, will fit with nudge bars and/or winch plate.

BA 083D

Discovery 2 (99-04MY)

Aluminium Fuel Tank Guard

6mm thick, very high grade, aluminium fuel tank guard. With 2" round drain and ventilation holes. Easy to fit, no drilling required, picks up on fuel tank mounting points.

BA 097

Discovery 2

Rock Guards

Replaces plastic sill and fixes to chassis to ensure that no stress is put onto the bodywork. Protects the bodywork and door bottoms from damage.

BA 2091

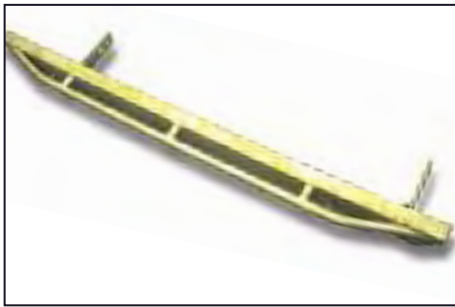

Black Nylon Coated

Discovery 2

BA 2091G

Galvanised

Discovery 2

Tree Sliding Rock Guards

An evolution of our popular rock guards, now featuring side jacking points and extra sliding bar which offers increased protection to bodywork as well as a small step for entry.

BA 2091T

Black Nylon Coated

Discovery 2

BA 2091TG

Galvanised - can be painted

Discovery 2

Roof Rack

Securely mounts into the gutter of all models including those with roof bars and twin sunroofs. Self assemble black nylon coated construction with stainless steel hardware. Takes upto 50kgs

BA 3180

Gutter Mounted

Discovery 2

Roof Rack Access Ladder

Black nylon construction. Fits by hooking over rear door. Two holes need to be drilled to secure the bottom of the ladder, by the number plate lamp.

BA 2172

Discovery 2

Roof Bars "High Foot" Kit

Supplied in pairs, these racks are suitable for carrying unwieldy items such as ladders.

BA 3100 Non Lockable Discovery 2

Electric Wiring Kit (OEM)

Simply clips into connections of existing wiring loom

STC50081 Discovery 2

Adjustable Towing Bracket (E-Marked)

The Dixon-Bate range of adjustable height towing brackets enables the towing coupling to be easily and quickly adjusted without tools to the right height to suit the hitch height of the caravan. - Supplied with all bracketry to fit directly onto the vehicle manufacturers recommended fixing points - Multi-height adjustment - All steel construction - Simple, safe and secure locking mechanism - Adjust height without tools - Standard interchangeable slider - Zinc plated with either bright or black finish.

BA 186A Coil Sprung Vehicles Discovery 2 (1998 on)
BA 186B Air Sprung Vehicles Discovery 2 (1998 on)

Adjustable Pan Hard Rod - Heavy Duty

Heavy duty, adjustable panhard rod designed to correct axle position when vehicle has had a suspension lift

BA 3668 RHD Discovery 2 (upto 2A999999)
BA 3667 LHD Discovery 2 (upto 2A999999)
BA 3669 RHD Discovery 2 (3A-4A)
BA 3665 LHD Discovery 2 (3A-4A)

Polyurethane Bush

The fitment of Bearmach Polyurethane Bushes has been developed to give more positive location at pivot or fulcrum points. These suspension components are particularly recommended if you regularly tow or carry heavy loads. These bushes have a high capacity to bear tension and compression and have been tested at temperatures from -100°C to + 100°C. They are resistant to deterioration and swelling caused by oil, grease or chemicals. Shock bushes not included.

BA 2075 Kit Discovery 2 (1999-2004)
RBX101340P Rod Discovery 2

Caster Bush Kits

Caster bushes allow the axles to remain in their original positions when raising and vehicle. (ie. Prevents them twisting). They fit into the radius arms to minimise any stress on steering components.

RBX101680PC

Discovery 2

Air to Coil Spring Conversion

Kit to convert the rear air suspension on Discovery 2 to coil spring configuration. The kit supplied with springs and all necessary fittings. Please note Diagnostic equipment is required to change the ECU from AIR to COIL.

BA 2230

Discovery 2

Full Silicone and Stainless Turbo Hose Kit

Includes all necessary components to replace all existing hoses. Fits with standard and updated intercoolers. (Some vehicles require shortening of one hose)

BA 2334

Discovery 2 (TD5 All Models)

EGR Blanking Kit for TD5

Removes the mechanical EGR system from 300TDi or TD5 giving improved performance and fuel economy.

BA 2336

Discovery 2 (TD5)

Performance Chip (Power +21HP - Torque +65Nm)

Power upgrade chip for diesel engine. Easy to fit, just plug in and drive away. Benefit from improvements to power, torque and efficiency

BA 2178

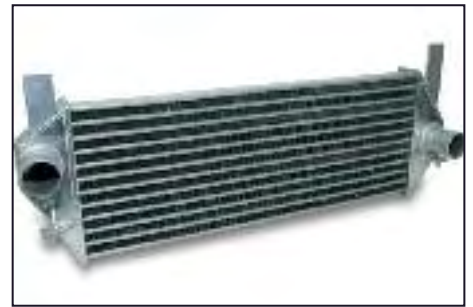

Discovery 2 (TD5)

Replacement Intercoolers

These replacement intercoolers fit in place of the existing original units. They allow the air to be cooled by an extra 50% for a denser charge and result in up to 25% increase in power.

BA 2307

Discovery 2

Detroit Diff Locker

The Detroit Locker is a fully automatic locking traction differential that is well known for premium performance and dependable operation. Preload devices between the side gears deliver 100% torque and power to both drive wheels yet unlock automatically to permit necessary wheel speed differentiation. The Detroit Locker is trouble-free as it does not require service adjustments or special lubricants. Easy to install, no special tools or case modifications required. One year Limited Warranty. (*Please specify spline type when ordering)

BA 207A

24 Spline - Inc carrier

Discovery 2

Detroit TrueTrac

This unit features a gear-type limited slip design (no clutch or friction plates to wear out). Its positive gear action automatically splits the torque with none of the steering problems associated with other traction "diffs". Power transfer is so smooth that it is unnoticeable through the steering wheel when fitted in front drive steering axles. It performs as a standard differential on normal highway driving - then automatically engages when needed in wet, muddy or icy conditions.

BA 209A

24 Spline - Rear

Discovery 2

BA 209AF

Roof Cross Bars

Cross bars to fit models which are not fitted with roof rails. (Adaptor BFA 9003A required to fit to 3 door models)

BFA 9003 5 Door Freelander
BFA 9003A Roof Bars Adaptor Freelander
 Required to fit BFA 9003 to 3 door model

Cross Bars

Cross bars to fit models which are fitted with standard side roof rails.

BFA 9002 Freelander

Tow Hitch

Bolts to existing holes in chassis/floorpan "E" Marked. (Illustrated with BA 193 optional towball and electrics)

BFA 8002

Freelander

Removable Tow Hitch

Removable tow ball which can be quickly locked into position with the key provided. Bolts to existing holes in chassis/floorpan.

BFA 8003

Freelander (04 MY)

Electric Wiring Kit

N-Type wiring kit which clips into existing harness.

YMZ101030

Freelander

Silencer Guard

Manufactured in 1½" heavy guage tubing. 4 point fixing.

BA 084

Freelander

Rock SliderZ

The SliderZ are manufactured from 1" diameter steel tubing and a 3/16" steel, custom Z strip. The mounting brackets and scuttle plates are .125" and 3/16" steel plate. These provide a secure mounting base. The materials used for the SilderZ are carefully chosen for their light weight, high strength features and design is optimised so that no drilling is required. The factory jack can still be used with the SliderZ due to the unigue tab located under the Z strip which will engage the jack.

BA 088

Range Rover Classic

Side Step

Steel frame construction galvanised coating with aluminium tread plate and rubber edge moulding. Easy to install as it picks up on body mounting bolts in the chassis, and it is only necessary to drill two further holes on each side to ensure you have a very solid chassis mounted side step.

BA 092 Aluminium Tread Classic (Not LSE)

Side Step

Made from mirror polished stainless tube and tread plate with a raised anti-slip surface. Two holes to be drilled through outrigger.

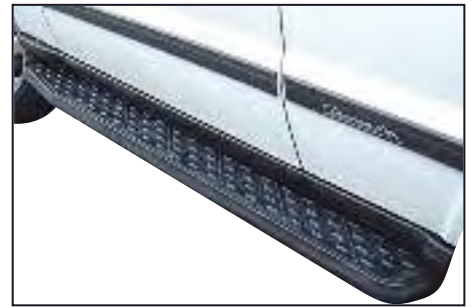

BA 100S Stainless Steel Classic

Side Step

Galvanised steel frame construction with a dimpled, moulded rubber tread inset. Also has a rubber edge moulding. Easy to install as it picks up on body mounting bolts in the chassis, and two holes drilled through the outrigger.

BA 100 Rubber Tread Classic (Not LSE)

Rear Step

Made from heavy gauge steel and bar, zinc plated and yellowed to give an extra durable finish. No drilling required, bolts directly onto crossmember and can be used on most vehicles with tow bars fitted.

BA 172 Classic

Lamp Guards

Slatted aluminium lamp guards. Black Nylon coated finish. All fixings are stainless steel.

BA 011FH Front - Pair Classic

Lamp Guards

Slatted aluminium lamp guards. Black Nylon coated finish. All fixings are stainless steel.

BA 011RH Rear - Pair Classic

Spare Wheel Carrier

Conveniently allows the mounting of the spare wheel to the back of a Range Rover Classic. Mounts onto chassis at the bottom and a spring loaded lever locks the wheel securely into a central position. Hinges outwards to allow easy access to the load space,

BA 132A Classic

Plastic Front Wing

Corrosion resistant replacement.

Air Spring Conversion Kit

Replaces the air suspension on Classic Range Rovers with the legendary Bearmach Blue Coil Springs. The benefits are: Saving in cost. The ability to fine tune your suspension with a large choice of dampers. The ability to increase the Spring rates and/or increase the ride height by specifying different Bearmach springs.

Kit Contains:

- 1 x Fitting Kit
- 4 x Spring Seats and Spring Retainers
- 1 x Pair Rear Bearmach Blue Springs
- 1 x Pair Front Bearmach Blue Springs

Polyurethane Bush Kits

The fitment of Bearmach Polyurethane bushes has been developed to give more positive location at pivot or fulcrum points. These suspension components are particularly recommended if you regularly tow or carry heavy loads. The urethane elastomers used have the versatility and elasticity of rubber yet with the advantages of rigid plastic and metals.

Carburettor and Induction Manifold Conversion For Rover 3.5 V8

Suitable for Rover V8 vehicles equipped with S.U. Or Stromberg carburettors from 1970-1987. This kit features Weber 4 barrel downdraught carburettors and dual plane induction manifold. The conversion has been developed for improved engine torque and fuel economy. Although calibrated for Range Rover 3.5 models, it is also suitable for many other Rover V8 applications, and for those wishing to carry out engine tuning modifications. For applications other than Range Rover 3.5 models, calibration changes/adjustments may be necessary. This conversion can be carried out by a competent D.I.Y. mechanic (with basic tool kit), and comes complete with detailed fitting instructions, covering various models. The kit comprises of: Carburettor; Manifold; Air Filter; Throttle linkage*; Fuel line connections/Fuel Filter; Engine breather/pulse air system; Hose connections; All necessary gaskets, seals and fixtures. *Automatic transmission vehicles will require supplementary kick down linkage kit - Part Number BR 2236A.

Mallory Unilite Distributor

Accurate timing that's maintenance free. These Mallory Unilite distributors give you accurate, maintenance free ignition timing. Instead of old-fashioned points systems, they have photo-optic LED triggering systems that never vary or wear out. You get increased RPM potential, improved combustion, longer spark plug life, and better cold-weather starting. Hooking one up is a simple 3-wire connection, and they come with your choice of adjustable mechanical and/or vacuum advance, self-lubricating bushings, and a Super-Duty cap and rotor. (Mallory Distributor Ballast should be fitted with distributor)

FTC859AN Spare Nut for Heavy Duty Driving Member

Wheel Adaptor Set of 4

Converts the stud pattern to that of a P38 or Discovery (Not suitable for RR pre 92) Some vehicles may require extended plastic arches. Note: For use on air sprung vehicles extended bump stops may be necessary when fitting some wheels (eg 18" Hurricane) (Nuts not included)

BA 3413 Classic

Wheel Adaptor Set of 4

Converts the stud pattern to that of L322 Range Rover allowing fitment of new style wheels. (Nuts not included)

BA 3415 Classic

Wheel Spacers

Kit of 4 Spacers in alloy with all studs and nuts.

BA 3410 30mm Classic

A.R.B. Air Locker Diffs (Rover Differential)

A manually lockable differential which is operated at the driver's discretion by the push of a button. Locking and unlocking of the "diff" is extremely rapid and can be achieved at any vehicle speed. Installation involves bolt in replacement of the original equipment differential centre, an air compressor and in-vehicle switch. Can be fitted to both front and rear axles without compromising on-road performance. Note: All ARB Diff lockers require a compressor which is available separately - BA 215

Classic

Detroit Diff Locker (Rover Differential) inc carrier

The Detroit locker is a fully automatic locking traction differential that is well known for premium performance and dependable operation. Preload devices between the side gears deliver 100% torque and power to both drive wheels yet unlock automatically to permit necessary wheel speed differentiation. The Detroit locker is trouble free as it does not require service adjustments or special lubricants. Easy to install, no special tools or case modifications required. One year limited warranty.

BA 207 10 Spline

Classic

BA 207A 24 Spline

Classic

Detroit True Trac (Rover Differential)

This unit features a gear-type limited slip design (no clutch or friction plates to wear out). Its positive gear action automatically splits the torque with none of the steering problems associated with other traction "diffs". Power transfer is so smooth that it is unnoticeable through the steering wheel when fitted in front drive steering axles. It performs as a standard differential on normal highway driving - then automatically engages when needed in wet, muddy or icy conditions.

Note 3 To fit our CV joints you will need to purchase modified stub axles (part no. Mod stubs) & you will need our 5806/M to fit.

Note 7 You will also require 2 x FTC5268 oil seal.

* - Special Order parts.

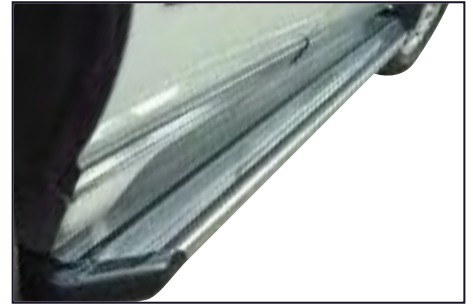

Range Rover

P38

Side Step

The step has a polished stainless steel plate, with an aluminium under construction. Rubber anti-slip strips ensure safer exit and entry to the vehicle. TUV approved.

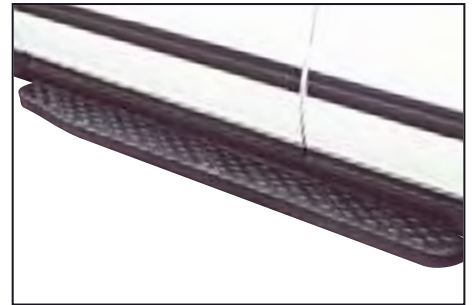

BA 134 Stainless Steel P38

Side Step

Dimpled tread pattern for non-slip surface. The sturdy steel frame is galvanised and encased in rubber for the ultimate durable finish. No drilling required.

BA 111 Rubber Encased P38

Sports Bars

This contemporary design incorporates an aerodynamic cross-bar and end supports, virtually eliminating all wind noise. Easy to install tighten 4 locking bolts and you're done. A built-in buffer strip protects the load and cross bar. Manufactured from injection moulded glass filled composites and extruded aluminium, light, strong and totally rust free.

BA 3094 Gutter Mount P38

Headlamp Guards

These lamp guards are supplied as original equipment. They are manufactured in high density plastic. Supplied with all fittings.

STC8503AA Pair P38

Lamp Guards

These lamp guards are supplied as original equipment. They are manufactured in high density plastic. Supplied with all fittings.

STC8504AA Rear Pair P38

Perspex Weather Shields

Made from perspex, easily fits to both doors, to help stop rain penetration when on the move. Reduces draughts yet still allows good ventilation. (Image shows similar product fitted to Freelander)

BA 3140

P38

Bi-Chromatic Conversion Kit

Kit contains - Tail lights x4, Side Repeaters and Bulbs x2, and front indicators.

BA 5150

P38

Towbar Electric Kit

N-Type towbar electric kit which connects to the vehicles existing plug.

BA 5540

P38

Performance Chip (Power +25HP - Torque +45Nm)

Power upgrade chip for diesel engine. Easy to fit, just plug in and drive away. Benefit from improvements to power, torque and efficiency

BA 2174

P38 2.5TD/DSE

Air Spring Conversion Kit

This air suspension to coils conversion kit for the P38 replaces the original air suspension with the famous Bearmach Blue Coil Springs. The benefits are: Avoids costly repairs - Offers a more reliable system - The ability to fine tune your suspension both in terms of dampers and coils to suit your particular requirement. Once fitted with our air spring conversion kit you can be assured of totally reliable performance.

Kit Contains:

- | | |
|--------------------------------------|---------------------|
| 1 x Electric Harness | 4 x Seat Springs |
| 1 x Pair Rear Bearmach Blue Springs | 1 x Fitting Kit |
| 1 x Pair Front Bearmach Blue Springs | 2 x Front Isolators |

BA 2227

P38

Stainless Steel Exhaust (from CAT back)

This stainless steel exhaust will improve overall performance of V8 Range Rover engines. Slightly more expensive than a standard exhaust but well worth the initial expense. (Picture of sports system with twin tail-pipes)

| | | |
|-----------------|-------------------------------|------------------|
| BA 2190 | Single Pipe | P38 (V8 4.0/4.6) |

Wheel Spacers

Kit of 4 spacers in alloy with all nuts and studs

BA 3408

30mm

P38

A.R.B. Air Lockers Diffs

A manually lockable differential which is operated at the driver's discretion by the push of a button. Locking and unlocking of the "diff" is extremely rapid and can be achieved at any vehicle speed. Installation involves bolt in replacement of the original equipment differential centre, an air compressor and in-vehicle switch. Can be fitted to both front and rear axles without compromising on-road performance. Note: All ARB Diff lockers require compressor which is available separately - BA 215

BA 204

P38

A.R.B. Compressor

Compressor for BA 204

BA 215

P38

Spacer Ring

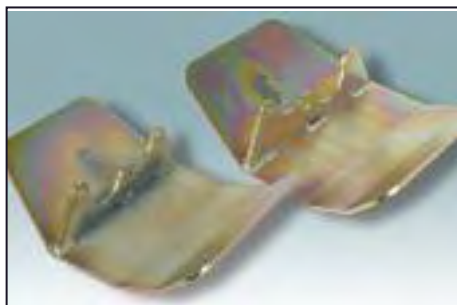

Required to allow fitment of Detroit True Trac Diff Locks on vehicles with a 4:7:1 ratio diff. Includes extended bolts, to suit relevant vehicles.

BA 205S

P38

Diff Guard - Slider Type

A very heavy duty product made from 4mm steel to offer sturdy protection for P38 Range Rovers. Zinc plated to resist corrosion. Bolts directly to the diff mounting bolts to protect case as well as acting as a slider.

BA 3133

Rear

P38

BA 3134

Front

P38

Dog Guard

Made from 2" wire mesh welded to frame for a rattle free construction. Black nylon coated - Easy to install and remove - Rear seat can be folded down without removing dog guard - Will fit both 2 and 4 door models.

BA 143

P38 (From 1995)

Moulded Boot Liner

As effective as usual boot liners but with a difference - these can be rolled up when not in use and stored in the vehicle. They spring back into shape when unrolled and they have 4" sides to keep the muck in.

BA 3141

P38

Heavy Duty Rubber Mats

These quality rubber mats are strong and waterproof. Their weight ensures that they do not move about in the vehicle and helps keep the original carpets clean.

Diagnos^tics

Hawkeye

Diagnostic tool for Land Rover Vehicles

Designed and manufactured exclusively for Bearmach by Omitec Ltd using their experience in Land Rover diagnostics.

The Hawkeye diagnostic tool is extremely robust and comes with its own storage pouch. The keypad has large, well defined buttons and it is powered directly from the vehicle.

The clear graphical display is easy to read and features on-screen prompts to provide a quick response. The kit is supplied with a standard J1962 cable. Optional cables may be required for specific systems, please contact us for details.

The specific applications will allow you to access information from your vehicle.

Functionality includes READ and CLEAR fault codes, LIVE DATA, ACTUATORS, Electronic Control Module Data and PROGRAMMING is available with some applications. (See function list)

- Robust and self contained handheld unit
- Does not require laptop or PC
- Easy, intuitive and user friendly
- Quick response
- Read fault codes
- Clear fault codes
- Live data
- Service reset
- Forced outputs/actuators
- Programming (specific applications only)
- Free unlock code for one Land Rover vehicle type
- Can be 'unlocked' to be used with other Land Rover models
- Ideal for DIY enthusiasts as well as specialists

Omitec

UCM Land Rover Diagnostic Platform

BA 5014

Using our OEM experience UCM enables you to work on the latest Land Rover vehicles such as Discovery 3, Range Rover (L322), Range Rover Sport, Freelander 2 and the new Defender. This platform works with the Land Rover diagnostic software to give you the full package.

Both the Land Rover professional diagnostic tool and the UCM Land Rover diagnostic platform can be purchased as separate items depending on the year of vehicle you wish to work on.

What is UCM?

UCM consists of the following components

- Universal Communication Module (UCM)
- UCM to USB lead
- UCM to vehicle harness
- Software CD
- Quick start user guide
- Regular updates with more vehicles and applications to increase capacity

What does UCM do for you?

- Supports the newer Land Rover vehicles such as Discovery 3, Range Rover (L322), Range Rover Sport, Freelander 2 and new Defender models.
- Read DTCs
- Clear DTCs
- Service reset
- Oil reset
- Test Actuators
- Fully mobile. Can be used for road testing
- Can be loaded onto existing Omitec Diagnostic equipment or on separate laptop
- Ability to pick live data values to monitor and graph
- And much more

The new UCM Diagnostic System: the latest generation diagnostic platform, which will provide a user friendly, cost effective diagnostic solution enabling not only the specialist, but also independent workshops to diagnose the latest Land Rover vehicles.

Omipro

Land Rover Professional

BA 5013

The OmiPro Land Rover 'Professional' diagnostic tool was developed in conjunction with the vehicle manufacturer. It is the only tool available that delivers the same performance levels as in Land Rover dealers worldwide.

The 'Professional' tool contains everything that a technician needs to carry out all of the required diagnostic procedures on all Land Rover vehicles except Discovery 3 and Range Rover 2006MY.

The Omipro Land Rover 'Professional' tool is based around the latest laptop PC technology which is at the heart of the diagnostic platform and is therefore the most suited and effective solution to Land Rover vehicle diagnostics.

The kit is supplied with laptop PC; cables and software in a laptop style carry case and contains all of the items in order to run the diagnostic software at the most competitive cost effective price in the market.

A technical support and hardware warranty exchange program is available at an extra cost that runs from one to three years.

Key Features

- Developed in conjunction with Land Rover
- Extensive coverage of Land Rover range
- Completely portable
- User configurable
- Free delivery and on-site training
- 12 months RTB warranty
- Technical support available*
- Rapid Exchange Warranty program available*

*Technical support and Rapid Exchange are part of the Maintenance Program available at an additional cost.

Electrical

www.bearmach.com

Electrical

Smart Multimeter 800 Series

Innovative 'one-touch' operation multimeter that employs intelligent technology to automatically select the value being measured. The unit completely auto detects and auto ranges on CD, AC and Ohms. Easy to read display with auto power off to conserve battery life. Small enough to be kept in your pocket. Impedance 5 MOhm

BA 5067

Battery Isolator Switch

Easily fitted, allows battery to be isolated. Features a removable key for extra security

BA 130

BA 130S Silver Terminals

Auxiliary Battery System

With all the demands put on the battery of a serious off-road vehicle, an auxiliary battery is a sensible accessory. To run that battery you will need a split charge system. The T-Max dual battery system automatically links two batteries for charging, but isolates them when discharging. It has a manual over-ride feature, and a built in safety protection. The system is 12v with a 180A load capacity. Kit includes: Solenoid, display unit all necessary wiring and connectors and full instructions.

BA 2685

BA 2685A Split Charge Monitor

Smart Charge 4 AMP - RING

Waterproof charger supplied with fully insulated power connectors and battery terminal connectors.

RING - Smart-Chargers use 'Plug and Play' technology to charge most types of lead acid batteries.

They can recover damaged or deeply discharged batteries and deliver a battery back to its optimum performance.

Smart Features: Automatic 3 stage battery charger - Battery reconditioning
Rapid charge override - Remote battery check

Suitable for all battery types

BA 5116

Smart Charge 16 AMP- RING

Increased 16amp charging capacity. Supplied with tangle free leads which store in the charger.

BA 5117

Agricultural, Commercial & HGV Booster Cables

Fully insulated heavy duty clamps for additional safety supplied in a protective nylon bag, suitable for LGV and Commercial use. Cross section area of cable is 35mm², cable length is 4.5m

BA 5100

Heavy Duty Powerpack

The ultimate camping and recreational companion, that includes an integral 300w inverter and 250psi air compressor complete with adaptors. The powerpack has a high power and long life battery, automatic power shut off on clamp release, 2 x DC auxiliary power outlets, in-vehicle charging adapter, adapter for 240v charging.

BA 5101

Powersource Plus 500

500w (800 Peak). The PowerSource Plus 500 is an ideal leisure accessory - plug into your car battery to give a 240v output. It is safe to use on DVD players, lighting (not fluorescent), mobile phone chargers, electronic note pads, videos, computer consoles, laptop computers, camcorders, stereos, small fridges, medium power tools and colour televisions.

BA 5102

Multi Voltage In-Car Power Charger

Multi voltage in-car power adaptor with USB. Comes with 8 adaptors. For powering most portable devices including: MP3 players, SatNav, radio and games consoles.

BA 5119

Compact Inverter

No car should be without one - a conveniently sized inverter which simply plugs into the cigar lighter of your vehicle and converts the 12v DC to 240v AC household electrical power. You can operate mobile office equipment and household appliances up to 6amps from your car, van, motorhome or boat. Run your mobile phone charger, laptop computer, playstation, camera charger, portable lights and MP3 player. Will not run heating appliances like irons and kettles. - Auto shutdown to protect against overload, short circuit or overheating - USB power output - LED light to indicate operation - Compact and lightweight, easily stored in glovebox.

BA 5113

Twin 12v Multi-Socket

The RING Multi-Socket range has superior quality, design and functionality to compliment the high value devices which are plugged into them. Both models have an LED guide light and adjusting fitment collar. 0° to 90° 4 Position adjustable plug

BA 5114

Twin 12v Multi-Socket

The RING Battery Analyser. Mounting arms and coiled cable with plug attached

BA 5115

12v Multi Socket (Battery Analyser)

3 Way Multi-Socket Adaptor which has a battery analyser. Great for portable DVD players, mobile phones etc.

BA 5134

12v Car Multi-socket with Twin USB

In car Multi-socket Charger with 2x USB adaptors and 2x cigarette lighter adaptors. Max 10A. Has a battery analyser to monitor your battery.

BA 5138

USB Charging Adaptor 12v/24v

MP3 and Mobile Phone recharging adaptor that allows you to charge your devices on the go. Output 5v, 0.5A max.

BA 5135

In Car Battery Charger 12v

In car battery charger that charges AA and AAA rechargeable batteries.

BA 5136

Air Inflator

12v Air inflator and deflator. Fitted with fused 12v cigarette lighter plug. Complete with 3 adaptor nozzles suitable for inflating air beds and other leisure accessories. Comes with storage bag.

BA 5133

Digital Air Compressor

Operates from your vehicle 12v power socket, 4m Power lead - Inflates to preset pressure using LCD display with automatic cut off - Complete with one nozzle adaptor and one needle adaptor for small inflatables and footballs etc.

BA 2684

T-Max Portable Air Compressor

A powerful compressor from T-Max. Robustly constructed and supplied with coiled air-line, fitted pressure gauge and its own carry bag. Runs from you vehicle's battery giving an air-flow of 72 litres per min and a working pressure of 150psi

BA 2641

T-Max Double Pump Air Compressor

Similar to BA 2641 but with a double pump for greater performance. With overload protector and automatic reset. Supplied with air pipe, gauge and tyre fittings all in a smart canvas holdall.

Max Output - 110Lts per min
Max Pressure - 150psi
Cylinder diam - 40mm
Max Amp draw - 45A

BA 2663

Tropicool Bord-Bar

This in-car coolbox features LED indicators for temperature, battery monitor, safety belt fixing, switches for cold or warm functions, fold up tray, serves as an armrest for comfort when fitted to back seat

Capacity 15 Ltrs

Voltage 12v DC

Consumption 54 watts

Temp Range -20° to +65°

Weight 5.2Kgs : Size 358x282x328mm

BA 3210

Tropicool Freshbag

This box features soft textile outer with shoulder strap and roller shutter closure; 3 exterior pockets. Deep enough to take 3x2Ltr bottles :

Capacity 14 Ltrs

Voltage 12v DC

Consumption 36 watts

Temp Range -20°C below ambient temp

Size 420x250x395mm : Weight 4.6Kgs

BA 3211

Tropicool Classic

This box is large enough for a long car journey or family picnic and features 7 stage electronic thermostat with LED indicators, integrated mains supply, detachable lid with magnetic lock, internal divider.

Capacity 21 Ltrs

Voltage 12v/24v DC or 12/230v DC/AC

Consumption 60-70 watts

Temp Range 30°C below ambient temp

Weight 6Kgs : Size 450x303x420mm

BA 3212

Coolmatic CF-18

A truly portable cooler/freezer fitted with a Danfoss compressor to give exceptional cooling performance. Features detachable lid, interior light, sturdy carrying handle and internal divider.

Capacity 18 Ltrs

Voltage 12v/24v DC

Consumption 35 watts

Temp Range -18°C to +10°C

Weight 11.5Kgs : Size 465x300x414 mm

BA 3213

Coolmatic CF-35

Can be used almost anywhere in the world - the integrated power supply unit identifies the voltage and adjusts itself accordingly.

Mounting kit available for safe fixing in a vehicle.

The Danfoss compressor gives exceptional performance for cooling or freezing.

Capacity 31 Ltrs

Voltage 12v/24v DC and 110-240v AC

Consumption 45 watts

Temp Range -18°C to +10°C

Weight 15Kgs : Size 580x360x385mm

BA 3214

Winch Cover - T-Max

BA 2638

Keeps your T-Max Winch free from the worst of the weather and muck and grime. Made from a strong weatherproof canvas with heavy duty eyelets to fix securely over the winch. (Will not fit EW12000)

Radio Control Box - T-Max

BA 2640

Retro-fit remote control box. Waterproof and features Wireless multi-control. Cable connection supplied in case of battery failure. Suits all T-Max winches and can be applied to many similar winches from other manufacturers.

Remote Control Switch

BA 2630

Suitable for non-radio control winches

(Replacement Part) Ergonomically designed hand held remote switch to suit all T-Max Winches)

Remote Control Set

BA 2630A

Late Winches

(Replacement Part) Ergonomically designed hand held remote switch to suit all T-Max Winches)

Radio Control & Receiver Kit

BA 2652

Suitable for Radio Control Winches

(Replacement Part) Ergonomically designed hand held remote switch to suit all T-Max Winches)

Solenoid 12v

BA 2631

500amp solenoid with silver coated contacts to suit T-Max winches

Solenoid 24v

BA 2636

500amp solenoid with silver coated contacts to suit T-Max winches

Integrated Solenoid Model

BA 2651A

500amp solenoid with silver coated contacts to suit T-Max winches

Control Box

BA 7329

Control box for late winch 12v

T-Max Quick Release Plugs

BA 2675

Pair

Heavy duty electric winch cables with quick release plugs for isolation or easy winch removal.

Power Cable with quick plugs

BA 2676

6m (1 red, 1 black)

Power Cable Only

BA 021

3.5m (1 red, 1 black)

BA 2666

Suitable for loads up to 6,500Lbs

T-Max Quick Mount

BA 2665

Allows portable use of your winch
- for use with Class 3 receivers.
Accepts up to 9,500Lb winches.

T-Max Winch Accessory Kit

BA 2613

Everything you need for a safe winching in one convenient holdall. Contains: Tree strop, snatch block, 2x'D' shackles, safety gloves, tow hook, holdall.

T-Max Snatch Block only

BA 3092

with pouch

Winch Accessory Kit

BA 2139

Contains: Tree strop 2mx75mm, snatch block, gloves and bag. (Breaking strain: 16,000Lbs (10 tons))

Winch Accessory Kit

BA 2139A

Contains: Choker chain, snatch block, 2mx100mm tree strop, gloves and bag (Breaking strain 16,000Lbs (10 tons))

Bow Shackle 4.75T

BA 2148

Suitable for heavy duty off-road recovery

Bow Shackle 8.5T

BA 2149

Suitable for heavy duty off-road recovery

Swivel Shackle

BA 2682

Very heavy construction with 4 point fixing through to backing plate.

Standard Jate Ring

BA 2683

Welded steel construction with bolt and locking nut.

Forged Jate Ring

BA 2683A

Forged steel. Suitable for heavy duty off-road recovery

T-Max Clevis Hook

BA 2639

3/8" Clevis hook used as replacement hook on T-Max winches or other eyelet cables or ropes.

T-Max Recovery Hook

BA 2667

Universal Coupling

BA 191

E - Marked

Towing capacity 3.5T 50mm ball, with 25mm (nominal) dia forged pin, (to suit towing eyes: min I.D. 28.6mm max section 28.6mm) 2 Bolt fixing, zinc plated finish

50mm Towball

BA 193

E - Marked

3500Kgs capacity, 2 hole fixing zinc plated finish.

Towing Eye

BA 5683

To suit tubular winch bumpers

Similar to Swivel Shackle BA 2682 but with different bold arrangement to suit tubular winch bumpers.

Bridle Rope

BA 2155

Synthetic rope with eyelets at each end. Lightweight yet with breaking strain of 10 Tonnes (2mx24mm)

Tow Rope

BA 3008

Lightweight yet with breaking strain of 10 Tonnes. Synthetic rope has eyelets at each end (4.5mx24mm)

Winch Wire

Suitable for 11,000Lbs up

Kinetic Rope

BA 2147

4.5 x 24mm

8 Strand - for up to 12 Tonnes

Kinetic Rope

BA 2147A

8m x 24mm

8 Strand - for up to 12 Tonnes

Synthetic Rope 25mx10mm - inc Steel Hook

Many advantages over traditional cable, can be joined when broken, safer to use and easier to handle. The synthetic rope is covered with a 3m sheath on the drum to protect against heat and a 1m protective sheath at the hook end to protect against abrasion. Breaking strength approx 10,000Kgs

BA 2670 25m x 10mm

BA 2671 Competition

As BA 2670 but with larger hook.

Viking Combo Line (inc 7.6m Fire Line)

Synthetic winch lines are now widely regarded as the safest option because of their lighter weight and when released, the winch line virtually falls to the ground with a fraction of the force of steel. The Viking Combo Line includes 7.6m of Fire Line which provides heat protection at the drum. The remainder of the line is Viking Trail Line® which is manufactured from Dyneema® SK-75 HMPE fibre "recognised as the world's strongest fibre" coated with Samthane™, to help resist abrasion. The line is finished with an aluminium winch safety thimble and includes a special drum attachment to secure the line to most leading makes of winches.

BA 2674 30m x 9.5mm

Rope Retainer

This simple device ensures that your winch line always maintains the minimum amount of wraps on the drum. It is all too easy to pull the winch line and forget to keep five wraps on the drum for safety. With the Rope Retainer installed you can pull your line to your anchor point with confidence that it won't pull loose. Great for hidden winch mounts or in situations where you can't watch your drum while feeding out winch line. The photos show how easy it is to install the Rope Retainer. Also works with steel cable.

BA 2679

Tree Strop

Wide heavy duty webbing will not damage trees. Nylon covered stitched eyelets at the ends. Breaking strain 10 Tonnes (2.5mx75mm)

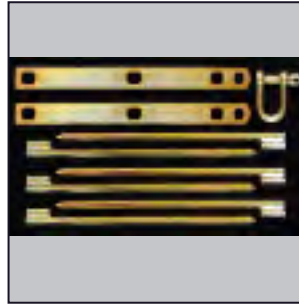

BA 2153

Winch Buddy

BA 2680

Dual purpose mechanism made from zinc plated box section steel. Cleverly folds to act as an anchor for the vehicle. Or when it's flat it doubles as a useful track to help you get out of tricky situations.

Ground Anchor Set

BA 2681

A sturdy kit to give your winch an anchor point when there's no other secure location.

Compact Inspection Lamp

BA 5112

Multi Position CE approved.

Rechargeable and cordless - NiMH battery - 5 hours operating time on recharge - 650Lux output - Hook/Stand allows multi-positional use - Includes 230v charging adaptor - Virtually unbreakable polycarbonate lens - 15 Ultra bright LEDs - Integral belt clip.

Compact Inspection Lamp

BA 5118

Heavy Duty CE Approved

Rechargeable and cordless - NiMH battery - 4 hours operating time on recharge - 850Lux output - Weatherproof - Includes 230v charging station - Virtually unbreakable polycarbonate lens - 21 High intensity LEDs - Soft comfortable grip - Integral belt clip.

Mini Cyba-Lite

BA 5104

Ultra bright, high tech white LED, low power consumption. Machined aircraft aluminium, rubber inlaid grip, water resistant with key-ring chain. Size: 47x18mm

Cyba-Stretch

BA 5105

Ultra bright, high tech white LED, low power consumption with a 'magnifier' lens providing more focused, powerful and longer beam. Machined aircraft aluminium, hand held torch or area light, water resistant, comes with handly carrying strap. Size: 126(Closed)x30mm.

Cyba-Lite Vega Hi-Tech LED Lantern

Ultra bright LED lantern, up to 300 lumen. Innovative convex reflector improves light output. Removable lens converts lantern to a forward area light. Includes automatic flashing green LED to locate product in the dark. Energy saving 3 mode electronic switch operation. Built in recessed hanging hook. Features: Runs on 3x1.5v D alkaline batteries (not included) for up to 3 days high beam (peak light output 25 hours) - 6 Days low beam - 10 Days emergency flashing mode. Size: 185x84x84mm)

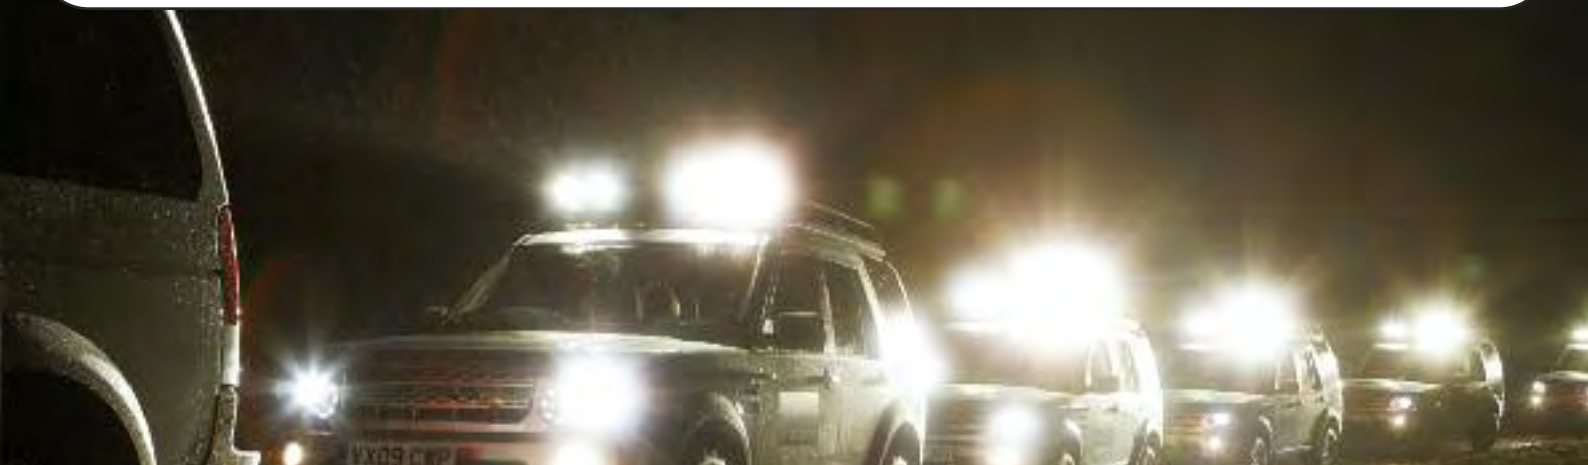

BA 5109

Cyba-Lite Headlight (57x66mm dia)

Ultra bright, high tech white LED's, low power consumption, Krypton bulb for long distance light output, focus spot to flood control on "long distance" mode, shock resistant rubber, lamp adjusts through 90° to focus on work area, adjustable head strap with padded front section, fully sealed switch, rubber seal for maximum water resistance.

BA 5106

8" Round 130w light - Stainless Steel

From Pro-comp, these auxiliary driving lights offer competition quality lighting at an affordable price. The specially fluted lens delivers long range brightness plus even distribution for close in lighting requirements. Supplied with a durable hard plastic cover. - All glass lens - Highly polished reflector - Stainless steel or black housing - Competition style mounting - Hard plastic cover included.

- BA 2750** 8" - 130w - Stainless Steel
- BA 2751** 8" - 130w - Black
- BA 2752** 6" - 130w - Stainless Steel
- BA 2753** 6" - 100w - Black

9" HID Competition Lamp

From Pro-comp, these auxiliary driving lights offer competition quality lighting at an affordable price. The specially fluted lens delivers long range brightness plus even distribution for close in lighting requirements. Supplied with a durable hard plastic cover. - All glass lens - Highly polished reflector - Stainless steel housing - Competition style mounting - Hard plastic cover included.

Reverse Alarm

BA 4616

Replaces existing 12v reverse bulb for a low cost, instant fit solution 87Db(A)

12v Amber Multi Flash

BA 4614

Low power consumption, high output LEDs. Epoxy sealed to prevent damage from water, dust and vibration. "Fit and Forget" maintenance operation.

12v Amber Quad Flash

BA 4615

Low power consumption, high output LEDs. Epoxy sealed to prevent damage from water, dust and vibration. "Fit and Forget" maintenance operation.

Various

Rear Parking Aid System

These sensors neatly integrate into the vehicles bumper and will detect obstacles behind or in front of your vehicle whilst manoeuvring into position. As an obstacle is approached the sensors trigger the acoustic alarm which rises in frequency the closer the vehicle gets. : Quick and easy to install : Fits any vehicle including all Land Rover models : 3 level buzzer alarm to indicate obstacles : 12 or 24v power supply : Sensors can be painted to match vehicles.

BA 5503

Standard Emergency Triangle

A warning triangle is compulsory equipment in many countries (two are required in Spain) to alert other motorists if you are in a breakdown situation. Sturdy and easy to use, with reflectors on all sides, built-in stand and folds flat.

BA 3007

Compact Emergency Triangle

A warning triangle is compulsory equipment in many countries (two are required in Spain) to alert other motorists if you are in a breakdown situation. Sturdy and easy to use, with reflectors on all sides, built-in stand and folds flat into the handy storage case. 'E' Approved.

BA 3009

3 Point Safety Harness

BA 2154

Ideal for competition use or for that added safety. Mounts on lower fixings, top mount will need to be repositioned in vehicle. Suits Series 1,2,3 and Defender.

4 Point Safety Harness

BA 2580

'E' Marked - Red

A new range of harness seat belts to provide restraint for all competition types. All belts are 3" webbing and use eyelet mountings.

4 Point Safety Harness

BA 2581

'E' Marked - Blue

A new range of harness seat belts to provide restraint for all competition types. All belts are 3" webbing and use eyelet mountings.

4 Point Safety Harness

BA 2582

'E' Marked - Black

A new range of harness seat belts to provide restraint for all competition types. All belts are 3" webbing and use eyelet mountings.

4 Point Safety Harness

BA 2583

FIA Approved - Red

A new range of harness seat belts to provide restraint for all competition types. All belts are 3" webbing and use eyelet mountings. FIA versions feature quick release metal buckle.

BA 2668

T-Max Jack Repair Kit

BA 2669

Includes pins and spring for T-Max Jack servicing

4Ft Hi-Lift Jack (Made in USA)

The "original" high lift jack - tried and tested in the most rugged conditions - only the best from Bearmach. Also available optional extension tube, for vehicles fitted with nudge bars.

BA 185G

Hi-Lift Jack Extension

BA 185AG

Hi-Lift - Defender side lift jack extension.

BA 2140

Roof Rack Mounted Cycle Carrier

Easily added to any roof bars.

BA 052

Bike Rack - Spare Wheel Mounted.

Unique quick release arms clamp on to the spare wheel mounted on the rear door of any 4x4 vehicle. Can be adjusted for right, left or centre mounted tyre mounts and fits most sizes of spare tyre. Includes number plate holder and security straps. Allows three bikes to be carried safely and securely.

BA 3080

Top Box - 350 Ltr Capacity - (51"x39"x14"-10")

The ultimate weather proof roof system to allow you to carry everything you need securely, for those long weekends away or to carry all the paraphernalia of your particular pastime. Manufactured in high impact plastic and is aerodynamically shaped to minimise wind resistance. Will fit any roof bar using the 'U' bolts supplied.

BA 043TB

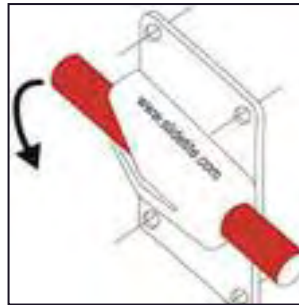

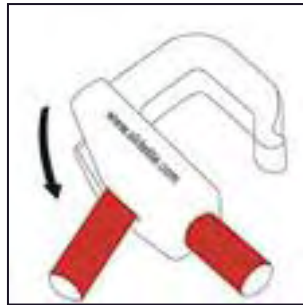

SlideTite™

When we saw these products we thought - here's the solution for hundreds of tie-down problems when you're out and about in your Land Rover. SlideTite™ products are based around a simple, patent pending, locking mechanism. The mechanism is both quick and very strong. The harder it is pulled the tighter it locks, but never jams shut. It works in all conditions - wet or dry - hot or cold. The hook has been tested to hold 50Kg without breaking and the SlideTite™ mechanism itself to over 100Kg..

The Hook

BA 2950

A large strong 25mm hook for use in most situations where you can grab onto an existing anchor point.

The Plate

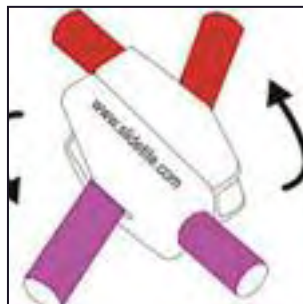

BA 2951

Provides a permanent anchor point. Screw or glue the plate to any surface to hold stuff in place.

The Binder

BA 2952

Two SlideTite™ devices back to back. For use whenever you need to wrap rope/bungee around anything.

Bungee (Colour can vary)

- BA 2955 2m Length
- BA 2956 3m Length
- BA 2957 5m Length
- BA 2960 2x3m Bungee + 4x Hooks
- BA 2961 2x2m Bungee + 1x3m Bungee + 4xHooks + 4xPlates + 2xBinders.

1

Get some bungee cord or rope and any SlideTite™ product

2

Push the bungee or rope up through the hole in the bottom

3

Pull back the bungee or rope down into the slot to lock it in place.

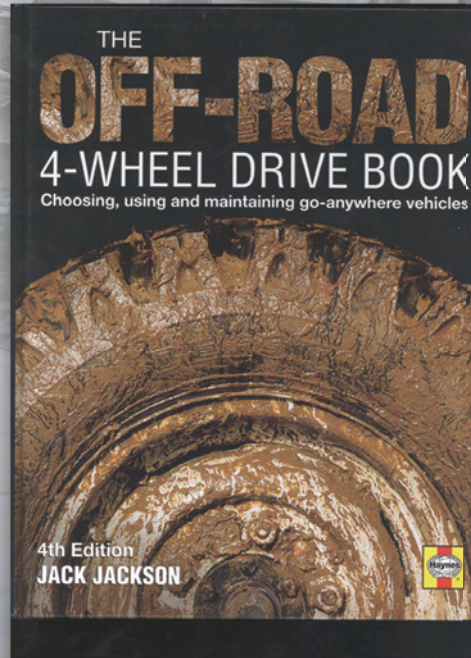

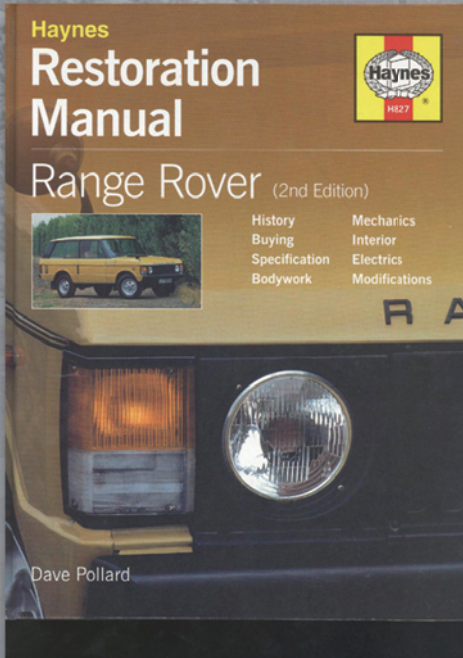

4

To unlock:... Simply pull the rope or bungee up out of the slot.

Technical Publications on CD

Parts catalogue, Workshop Manuals and Owner's Literature all on one PC CD ROM

These CD ROMs are the ultimate source of information for your favourite Land Rover. Each CD focuses on one model and includes the original parts catalogues, workshop manual and driver's handbook all reproduced in an easy-to-use PDF format. As appropriate to certain models, additional publications detailing special equipment are also included. Also included are details of the Land Rover Classic Parts Programme, the Heritage Motor Centre and British Motor Industry Heritage Trust, Land Rover History Notes and other useful information on relevant car clubs and enthusiast organisations. PDF reader software included if required. Minimum system requirements: Windows 2000, Intel Pentium III or equivalent, 128Mb RAM, Adobe Acrobat Reader. Please note these are not suitable for MAC.
