# TestBook Information

SUBJECT **TestBook Diagnostics  
- Service Repair Operation Times** 22/05/96  
**TB006/96/EN**

MODEL <b>New Range Rover</b> <b>Range Rover Classic</b> <b>Discovery</b> <b>Defender</b>	AFFECTED VEHICLES <b>LP All</b> <b>LH All</b> <b>LJ All</b> <b>LD All</b>	
--	---	---

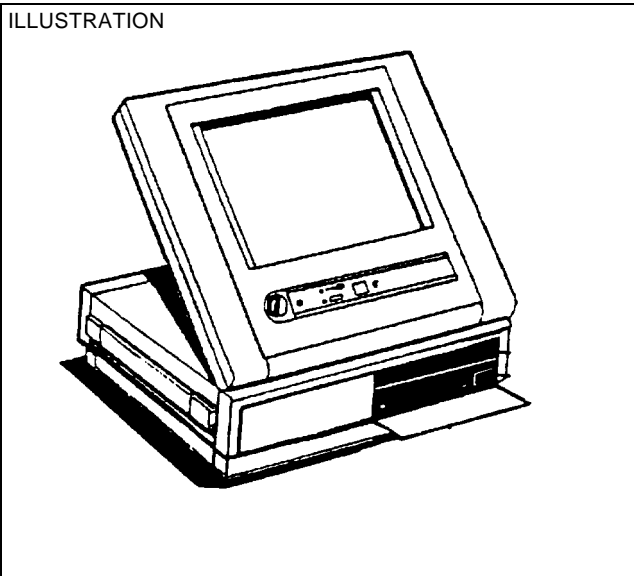

**DETAIL**

Based on requests from the dealer network a Land Rover initiative has been introduced that generates new Service Repair Operation times which cover diagnostic time when using testBook. The new times cover all model derivatives within the Land Rover product range and should be used when undertaking any vehicle diagnostics using TestBook. These times are additional to existing codes for replacement of components and should be loaded alongside existing codes if TestBook has been used when submitting warranty claims.

**ACTION REQUIRED**  
Ensure all Warranty personnel and Workshop Technicians are made aware of this initiative.

**PARTS INFORMATION**

Not applicable

**PROCEDURE**

Update your Service Repair Operation (SRO) files until such time that the SRO manual is updated.

**WARRANTY**  
Normal warranty policy and procedures apply.

**COMP. CODE**  
Refer to individual codes

**SRO**  
Refer to page 2 of this bulletin.
